## TECHNICAL SKILLS

---

**Languages:** Html, Css, JavaScript

**Libraries:** ReactJs, Redux, Redux Tool Kit, React Query, React Router, Axios

**Frameworks:** Bootstrap, Tailwind CSS, Material UI

**Database:** MongoDB ,Firebase

**Version Control Systems:** Git, Github

**Developer Tools:** Visual Studio Code

## PROJECTS

---

### e-commerce site (ukart) | [View Project](#)

- Utilized **Context API** and **reducer** for seamless cart management and real-time updates.
- Integrated dynamic product filtering to simplify browsing.
- Implemented advanced cart features for enhanced shopping experience.

### Movie search website (use popcorn) | [View Project](#)

- Integrated **external API** for effortless movie searches.
- Enhanced with intuitive local rating and watchlist functionality.
- Leveraged **local storage** for storing ratings.
- coupled with **component composition** to create an engaging UI.

### Quiz App | [View Project](#)

- Developed an **interactive** quiz app leveraging **Redux** for robust **state management**.
- Enhanced with intuitive local rating and watchlist functionality.
- Integrated a timer feature to add a sense of urgency and challenge to the quiz experience.
- Implemented a scoreboard with score comparison functionality for enhanced user engagement and performance evaluation.

### Blog website (Atomic Blog) | [View Project](#)

- Created an **interactive** blog platform featuring randomized posts for a dynamic browsing experience.
- Implemented efficient **search functionality** to help users quickly find relevant content.
- Designed seamless blog post creation capabilities for users to effortlessly submit their own content, enhancing user engagement and platform versatility.

### Video Lectures App | [View Project](#)

- Developed a responsive video lectures app using **Chakra UI** for seamless functionality on all devices.
- Optimized user experience with a **clean design**, intuitive navigation, and **responsive layout** for effortless learning.
- Integrated a dark mode feature for enhanced flexibility and reduced eye strain during extended viewing.

### Travel List (Faraway) | [View Project](#)

- Developed a travel list app for adding items, tracking packing status, and **sorting** items with ease.
- Integrated features for marking items as packed/unpacked, simplifying packing organization.
- Users can sort items by input order, description, and packing status.

## EDUCATION

---

### Avanthi Institute Of Engineering and Technology

*B.Tech - Electronics and Communication Engineering*

*vizianagaram, Andhra Pradesh*

### Sri Chaitanya Polytechnic College

*Diploma - Electronics and Communication Engineering*

*vizianagaram, Andhra Pradesh*
